Create Your Own Report

Tailor the Annual Report to your information needs by identifying relevant sections, previewing the content and combining your selections into a single downloadable report for easy reference.

Step 1: Find & Select Sections

- Use AI-powered keyword search to identify relevant sections
- Alternatively, browse the Annual Report chapters from the available list
- Select the sections relevant to your requirements

Step 2: Preview & Add Content

- Click any section to preview the PDF content
- Review the content to confirm its relevance
- Tick the relevant sections to include them in your customised report

Step 3: Customise & Download

- Combine your selected sections into a single customised PDF
- Download your tailored report for easy reference
